

About University College of Social Sciences

The University College of Social Sciences (Wyższa Szkoła Lingwistyczna) was founded in 1992. We are a non-state university college, registered in the register of the Minister of Higher Education under number 104. Our mission is to bring quality European education closer to people outside Europe. University College of Social Sciences Czestochowa Poland is an international educational organization; with operating branches in United Arab Emirates, Ukraine, Moldova and Georgia. We are now in the process of opening our branches in Italy, Qatar, and Uzbekistan. Our academic community consists of over 6000 students, 150 academic teachers who are mainly Poles as well as from Great Britain, Canada, Germany, Ukraine, Moldova, Spain, Italy, The UAE.

We have an indefinite time licence from the Ministry of Research and Higher Education of Poland. All our courses were validated by the Polish National Accreditation Committee (resolutions of National Accreditation Committee from 2 July 2009, 17 September 2009, 7 October 2010, and 25 September 2013),

We employ: 30 full professors, 55 doctors. The rest of our teaching staff hold MA degrees and have a lot of professional experience.

We are leaders in online education in Poland. The University College of Social Sciences in Czestochowa has been the leader of non-state colleges in Poland for years now. We were given a title of the best non-public school in the Silesia region (ranking Wprost 2012). And in the ranking of Perspektywy we were 21st in the whole country. We improved our position by 63 positions since 2005. 80% of our students come to UCSS because they got recommendations from our graduates who claim that we have excellent teaching and administrative staff as well as the atmosphere.

The UCSS has a lot of experience in running international educational projects. Our efforts and achievements have been noticed. We run government projects in Ukraine under the supervision of The Ministry of Youth and Sport and The Association of Mayors of Ukrainian Cities. We are also educational partners of the Sheik of Sharja.

We offer Bachelor and Master's programmes (BA, BBA, MA and MBA) in: intra, extra-mural and online system of study. Fields of studies: Management, Commerce, Educational Studies, Media and Communication, Economics, Modern Languages, Applied Linguistics, Pedagogy, Social Work, and Journalism. We offer Undergraduate Degrees, Post Graduate Degrees and Diplomas. Our degree programmes are delivered in: English, German, Russian, and Polish,.

Our graduates are well educated, trained, creative and high quality citizens who excel at their work. We teach them all practical skills they need to succeed not only in the class room but also in their day to day lives. Our lectures pass on their knowledge and their passion to our

students helping them to become great contributors to the society.

Thanks to numerous research projects, many of them EU funded, we can offer attractive courses and teaching programs which ensure the development of every student's talents. Recently we got almost two million EURO from European Social Fund to develop our teaching training programme called "UCSS as a Leader in Teaching Training". Thanks to this project we are able to develop Europe's leading teacher training programme that is delivered in English and German.

We give certainty to find and highlight the advantages and potential that each student possesses. Our students are proficient in a given language and capable of building their own future career, not only in Poland, but also abroad – all over European Union and in other parts of the world. Moreover, we give our students the opportunity to practice and develop their skills in high-tech laboratories. Our graduates are high-profile specialist in their respective fields. We are proud to say that last year we have been acknowledged as one of the best non-state colleges in Poland. We encourage our students to be creative and we broaden their horizons. Moreover, we give them the opportunity to learn determination, optimism, how to work under pressure and the ability to conduct business negotiations. We pay a great deal of importance to transferable skills, indispensable in contemporary competitive labor market. We teach our students how to use these skills to face new challenges in a professional as well as in everyday life. Thanks to the international network we also help to build the multicultural skills, helping our students to cope well with the challenges of the international market. What is more, in all branches we provide comfortable conditions in which students can learn and live at a very reasonable price.
